

*Joint ISO-ILAC-IAF  
Commuque on the  
Management Systems Requirements of ISO/IEC 17025,  
General Requirements for the competence of testing and  
calibration laboratories*

A laboratory's fulfillment of the requirements of ISO/IEC 17025 means the laboratory meets both the technical competence requirements and **management system requirements** that are necessary for it to consistently deliver technically valid test results and calibrations. The **management system requirements** in ISO/IEC 17025 are written in language relevant to laboratory operations and operate generally in accordance with the principles of ISO 9001.
