

Daniel R. Brown

Senior Vice President of Advanced Technology Steelmaking and Chief Operating Officer of Big River Steel Works

Dan Brown was named Vice President & Chief Operating Officer of Big River Steel (“BRS”) in July 2021 and advanced to Senior Vice President of Advanced Technology Steelmaking in February 2022. In addition to Big River Steel operations, Dan has responsibility over the new mill and facilities planned in Osceola, AR. He has been serving as the BRS Chief Integration Officer since January 2021 and a member of the BRS Operations Integration team since August 2020.

Dan has 25 years of service with U. S. Steel, joining the Company in 1994 as a Management Associate for the Cold Rolling Division at the Irvin Plant, Mon Valley Works. In 1996, he was transferred to Edgar Thomson (Primary Operations), Mon Valley Works and advanced through several increasingly responsible positions in steelmaking and secondary metallurgy. In 2003, Dan relocated to U. S. Steel Serbia as Plant Manager – Primary Operations for two years and then Plant Manager – Finishing and Tin Operations for two years. Dan returned to the U.S. in 2006 as Plant Manager – Finishing Operations at Fairfield Works. In 2007, he became Plant Manager – Primary Operations at Fairfield Works. In 2008, Dan was named Division Manager – Ironmaking at Gary Works, Indiana and then later as Division Manager of Steelmaking and Casting at Gary Works. He was promoted to Plant Manager – Primary Operations at Gary Works in 2018. In April 2019, Dan was named General Manager - Automotive Operations (Great Lakes Works/Midwest Sheet) with responsibilities for the Great Lakes Plant, Desco Coating, and the Midwest Sheet facilities.

Dan earned his Bachelor of Science degree in Business Logistics from Pennsylvania State University. He also earned his Master of Business Administration (Finance) from Duquesne University.
