Supporting the Communities Where We Live & Work

U. S. Steel is proud to partner with communities across the country — including right here in Indiana. We believe our business thrives when we are actively engaged and involved in the communities where we make steel.

Across our state, we are committed to positively impacting the communities that we call home, to enhancing and improving quality of life in those communities, and to supporting projects and opportunities that advance safety, education and environmental stewardship.

We wouldn't be U. S. Steel without you.

Together, Nippon Steel and U. S. Steel are moving forward as the ‘Best Steelmaker with World-Leading Capabilities’. The partnership will protect and create more than 100,000 jobs through unprecedented massive investments in steelmaking in the United States that will be unleashed across U. S. Steel’s footprints, including in Pennsylvania, Indiana, Arkansas, Minnesota and Alabama. This partnership ensures that U. S. Steel will continue to be Mined, Melted, and Made in America for generations to come.

ENVIRONMENTAL EXCELLENCE

As the Senior Director of Environmental, Alexis Piscitelli, ensures protection of the community she calls home. For Alexis, safety is first and environmental excellence is "right there with safety—like 1 and 1a."

PROUD PARTNER

At U. S. Steel, we're committed to enhancing safety, community, and support in the areas where our employees and families live and work, including Northwest Indiana.

Why it matters: Supporting local healthcare services strengthens our community and ensures better health outcomes for underserved individuals and families.

- Recently, we donated \$75,000 to the **Methodist Hospitals Foundation's** Vision Fund.
- This fund provides crucial healthcare services to underserved populations in the region.

The big picture: Our Gary Works and Midwest Plant are integral parts of the Northwest Indiana community, and we are dedicated to contributing positively to our neighbors’ well-being.

GOOD NEIGHBOR

Last month, 35 dedicated U. S. Steel employees volunteered at the Food Bank of Northwest Indiana, packing 850 food boxes for local families in need across surrounding counties.

Why it matters: This event highlights our company's strong commitment to giving back and supporting communities through hands-on service and compassion.

- Organized by Gary Works' LEAD ERG, the initiative aims to become a recurring activity.

The bottom line: U. S. Steel's ongoing volunteer efforts reinforce our commitment to making a positive impact in the communities where we live and work.
