

United States Steel Corporation

Quality Policy

It is the policy of United States Steel Corporation to distinguish itself as the industry leader by building value, being world competitive and providing cost-effective quality products and services. To achieve this, we must:

Make Safety

the first priority in the performance of tasks;

Continually Improve

processes and products through compliance to the APEX Quality Management System;

Empower

the work force to be responsive and accountable by providing the necessary training, tools, skills, and motivation; and

Promote Effectiveness and Efficiency

through planned reviews of metrics and quality objectives aligned with the drivers of our business: Safety, Quality, Ethics, Diversity, Environmental Compliance, Customer Service, Productivity, and Profitability.
