Supporting the Communities Where We Live & Work

U. S. Steel is proud to partner with communities across the country — including right here in Pennsylvania. We believe our business thrives when we are actively engaged and involved in the communities where we make steel.

Across our Commonwealth, we are committed to positively impacting the communities that we call home, to enhancing and improving quality of life in those communities, and to supporting projects and opportunities that advance safety, education and environmental stewardship.

We wouldn't be U. S. Steel without you.

PROUD PARTNER

Hard work pays off! The 2022–23 #USSteel Reading Champions were Jessica Fry's 3rd grade class from Clara Barton Elementary in West Mifflin Area School District. Our champs read 44,858 minutes since the season began last fall and were awarded the Steel Cup at a Pittsburgh Penguins game.

Beyond the joy of learning, the program also had a meaningful impact in the West Mifflin School District. The students who completed the program last year increased their reading proficiency by 20% — a powerful reminder of how hard work pays off!

ENVIRONMENTAL EXCELLENCE

MADE IN PENNSYLVANIA

BACK-TO-BACK
2021 2022

All air monitors in Allegheny County meeting Federal Air Quality Standards*

United States Steel Corporation

*Environmental Protection Agency's National Ambient Air Quality Standards (NAAQS).

In 2021, for the first time in the history of air quality monitoring in Allegheny County, all air monitors in Allegheny County met the Environmental Protection Agency's National Ambient Air Quality Standards (NAAQS). And in 2022, the monitors met the NAAQS again!

Decades-long work by companies like ours is making an impact on the communities we live and work. As we are continuing our work to improve air and water quality, the local bald eagle population is thriving. Tune in and meet Irvin and Claire living at our #USSteel Irvin Plant. Once on the brink of collapse, we now have the opportunity to watch local eagles in their nest every day. And Claire and Irvin's eaglet recently hatched!
